

[Verse 1]

When nothing works out the way you planned
And your life keeps you out and always banned
When fighting takes more space than living
And the sense you search for is desperately missing
You're telling yourself insuring
To hold on to enduring

[Verse 2]

When you're calmly sitting in your chair
And your mind keeps jumping in a square
When loosing your peace and your senses
And your powers are just steady expenses
The same way is occurring
You have to go on enduring

[Chorus]

When things keep falling apart
Life is like a piece of art
Focus on good vibes returning
from just enduring
Enduuring..

[Bridge]

Life's not always an easy thing
It's up and down like on a swing
Demons haunt you and chaos finds you
Hold on to your strength flooding
Over the times of enduring
Enduring...

[Instrumental solo]

[Chorus]

When things keep falling apart
Life is like a piece of art
Focus on good vibes returning
from just enduring
Enduring..

[Outro]

Not like planned and always banned
Loosing senses, steady expenses
Strength flooding
Onto enduring....
