

Falling in silence

[Verse 1]

They build up fast from deep in your soul  
Ambition is to never let them fall  
They heavily narrow all of your chest  
Aim is to go on and show your best  
Like through glass blinding your sight  
Could also be they just shine bright

[Verse 2]

Hem and swallow the flood away  
Target to keep them in your soul to stay  
Choose some other way for distraction  
Use all there is for falling protection  
Always hold on to the heavy mask  
The goal is to fill the inner cask

[Chorus]

Dropping in silence  
Running in silence  
Sinking in silence  
(whisper) Falling in silence

(electric guitar solo)

[Bridge]

Waves are crashing  
Rivers are flooding  
All made of them  
Oceans are flushing  
Seas softly rippling  
All Made of them

[Chorus]

Dropping in silence  
Running in silence  
Sinking in silence  
(whisper) Falling in silence

[Outro]

All waves and rivers  
All oceans and seas  
All Made of them  
By Falling in silence  
Falling in silence
