

[Verse 1]

Buy yourself some scented flowers
Savour your own time for some peaceful hours
Always feel free to be
The version of you only you want to see

[Verse 2]

Don't let anyone take over your mind
Let them run you like you're some other kind
Always trust in your own feelings
Right from your heart - it is not a stranger's part

[Chorus]

What for? (What for?)
Why do? (Why do?)
It's just so very simple
Because it's you

[Bridge]

If you're an ocean - be it
Don't morph to a pond
Because people can't swim
Burn for what you want to
Don't put your fire out
Because people don't get your flame

[Chorus]

What for? (What for?)
Why do? (Why do?)
It's just so very simple
Because it's you

[Outro]

Never wonder what for
Because it's youuu
oooohhhh
